TROOPS ORDERED

To Start for San Francisco.

A Board Has Been Appointed to

Investigate the Grounding of the Cable Ship Hooker.

By Associated Press to the Journal. WASHINGTON, Aug. 19.—Secretary Root issued orders today for the Twenty-seventh, Thirty-first and Thirty-fourth regiments to proceed to San Francisco at once. These regiments will sail for Manila when transports have been provided.

MANILA, Aug. 19.—A board appointed to examine into the cause of the grounding of the United States cable ship Hooker, which recently went ashore near the south of Corrigidor harbor, finds the accident to have occurred on a reef shown on the chart and that there are evidences of carelessness on the part of the navigator. Hopes are entertained that the vessel may be hauled off and repaired.

SAN FRANCISCO, Aug. 19.—Either the bark G. Wilder, or the Albert, of Williams, Dimond & Co's. Honolulu line, is suspected of having carried, unknown to its master, a large quantity of opium on the last run to the islands. The opium was packed in coal oil cases. The officers of the Albert and Wilder are of the opinion that the cases which were supposed to contain kerosene were really filled with opium.

WASHINGTON, Aug. 18.—Preparations continue actively in the matter of arranging for the speedy transportation of the troops to the Philippines. The quartermaster's department has been considering the advisability of chartering more transports on the Pacific coast. Already the ships chartered make it possible to send nearly all the organizations now formed by September 25, instead of two weeks later, which was the schedule first shown to Secretary Root. The transports Logan and Thomas are now being fitted up on the Atlantic coast, and it is expected that they will be ready to sail by the middle of October, and will take three regiments, via the Suez canal. At the latest calculation, it is now believed to be possible to land all the new regiments in the Philippines by December 1, or very soon after that date.

Seven lieutenant-colonels named yesterday are now serving in the Philippines. They will remain there and await the arrival of their regiments.

While it may not be necessary to use all the troops in the Philippines, it is understood to be the plan of Secretary Root to have a sufficient force, not only to defeat the insurgents at every point, but to garrison and hold the places that may be taken, and thus insure a safe line of communication.

The map which has been prepared for Secretary Root, showing the location of the troops in the Philippines, has been completed, and is also accompanied by a statement explaining how this force is divided under the generals commanding the divisions.

JIMINEZ ARRESTED.

Caught as He was About to Leave Cienfuegos.

By Associated Press to the Journal. PORT AU PRINCE, Aug. 19.—The revolutionary group between Capri and Estrovas, Santo Domingo dispersed without fighting and re-entered Haytien territory. One thousand men commanded by Minister Cordero are watching the frontier, while war vessels are patrolling the coast to prevent the landing of Jimenez, who aspires to the presidency of the republic.

HAVANA, Aug. 19.—In view of fact that Colonel Bacallao, chief of the secret police, persisted in his declaration that General Jimenez, the aspirant to the presidency of Santo Domingo, was in Havana, either not having left or having returned, the military authorities telegraphed to Cienfuegos, instructing Captain Stamper, collector of customs there, to ascertain whether Jimenez was on the Mercedes steamer, and to take

him under arrest if that should be the case. Just as the steamer was about to leave Cienfuegos, Captain Stamper located Jimenez and arrested him. Jimenez denounced the arrest as an outrage. He said he had broken no law and would not yield except to force. Captain Stamper replied that he was ready to use force, if necessary, and Jimenez then yielded, remarking that he did so because he could not help himself.

Captain Stamper informed Jimenez that he would make him as comfortable as possible, and, after Jimenez and his secretary had packed their trunks, they were driven accompanied by the chief of police and Camper, to the Union hotel, where two bedrooms and a dining-room were placed at their disposal. General Jimenez will be kept under police charge until further advice is received from the governor-general.

Fire. By Associated Press to the Journal. SIOUX, Neb., Aug. 19.—A fire which started just before noon today in the livery stable of Charles Moors is sweeping over the entire eastern part of town. A high wind is blowing and there is no hope of stopping the fire as long there are any buildings in its path.

REPUBLICAN SENATOR

Will Introduce Measures of Interest to the People.

By Associated Press to the Journal. CHICAGO, Aug. 19.—A special to the Chronicle from Topeka, Kas., says: United States senator Harris will introduce three amendments to the federal constitution at the next session of congress and ask that they be submitted to a vote of the people.

The first will provide that the president be elected for six years, and shall be disqualified for re-election. The second is designed to make the term of congressmen four years. The third will provide for the election of senators by a direct vote of the people.

Senator Harris says a congressman no more than gets acquainted with the streets in Washington that lead to the capitol until he has to come home and fix up the fences for re-election.

ABOUT PRUNE CROP.

Half a Crop of Petites and Some Italians in Sight.

F. J. Coppack, of Rosedale, who has charge of 60 acres of prune orchards and who thoroughly cultivated them and worked in them all summer, yesterday made an inspection in order to make a final report to the owners. He has summed it up as follows: There will be about one-half a crop of petite prunes. It has been impossible to tell much about prunes until now that they are maturing and where they were not visible some time ago, they are now showing up quite well.

There will be no Italians to speak of but occasionally a tree, which is full of fruit is seen. These trees are one of the freaks of nature of the prune tree which are about to die and before they die they yield a heavy crop.

By Associated Press to the Journal. LEXINGTON, Neb., Aug. 19.—Democrats and Populists had conventions here last night to select candidate for congress to succeed the late W. L. Greene. FRENCH JUSTICE

The Court Prejudiced Against Dreyfus.

His Chances for Acquittal are Slim.

French Authorities Getting After the Anti-Semites.

By Associated Press to the Journal. PARIS, Aug. 19.—A strict blockade has been established in Rue de Chabron and the authorities this morning began a regular siege of the building in which Guerin and his anti-semitic colleagues have entrenched themselves.

LONDON, Aug. 19.—Revelations of further forgeries and disavowals by Foreign diplomatists and even Picquart's evidence seem to fail to remove the deepening conviction in the minds of the spectators at the court-martial, being held in Rennes, that Dreyfus has no chance of acquittal.

Advocate Monard who watched the progress of the case yesterday could not help remarking the partiality that Juanste displayed toward Picquart, who gave testimony in favor of the accused man.

Should Labor resume his place as chief counsel for the defense Monday or Tuesday it is probable that his provocative manner in cross examining will irritate the court much more than De Manges suave style.

Strong agitation is beginning to be manifested in Paris, for a convention to change deputies, thus letting loose the flood gate of interpellation on the Dreyfus plot, etc.

RENNES, Aug. 18.—The first witness in the Dreyfus case today was Major Cuignet, formerly an attaché to the ministry of war. He was cross-examined by De Manges. The witness declared that he was convinced of the prisoner's guilt, but the counsel for the defense had pointed out that several misstatements contradicted the previous depositions.

Colonel Jouanste then asked Dreyfus if he had anything to say, whereupon the prisoner vehemently protested against the vehemently leveled against him. "All the details which Major Cuignet has given on the subject," said the prisoner, "sprang out of his own imagination and are due to the same state of mind which prompted the unreasonable bitterness even against an innocent man."

General Boiselle, the former chief of the general staff was the next witness. He reviewed the leakage in the ministry of war, the discovery of the bordereau, the arrest and trial of Dreyfus and the latter's alleged confession. The witness believed the confessions were genuine.

New York, Aug. 19.—A Rennes correspondent of the Tribune discussing yesterday's session of the Dreyfus trial, says "Colonel Picquart has formulated the most incriminating indictment of the

GETTING READY

No Cessation of War Preparations.

England and the Boers Both Moving Troops.

Oom Paul's Government Receiving Large Amounts of Gold.

By Associated Press to the Journal. LONDON, Aug. 19.—The latest franchise kite from Pretoria failed of the expected effect. It is merely regarded as a device to gain time. There is no cessation of war preparations on either side. The Transvaal government is beginning to move troops to the border and the police on the frontier has been ordered to strictly prohibit any cattle leaving the country, while the treasury of the republic is receiving large amounts of gold, beyond ordinary requirements.

MADRID, Aug. 19.—It is announced that the bubonic plague was brought to Oporto, Portugal, by a steamer from India, and that 46 cases have altogether been reported.

CAPE HAITIEN, Aug. 19.—The reinforcements sent to the front by the government of Santo Domingo in its efforts to suppress the revolution have been defeated and driven back at Monte Cristo.
